

Agenda

Transforming healthcare: A European healthcare workforce

Thursday, 1 October: 11:00 – 12:30

Dial-in via: <https://meetings.ringcentral.com/j/1494784555>

Background information

Health First Europe launched a [Parliamentary Interest Group on Innovation in Health and Social Care](#) back in 2014. The main items in the agenda are covering prioritising innovation on the EU health and social care agenda, raising awareness of patient-centric solutions for sustainable, accessible and resilient health systems, and implementing innovative solutions for patients and healthcare professionals. The Parliamentary Interest Group is an important vehicle not only to support MEPs in their work on public health, but to help bring forward concrete ideas and solutions for the many challenges we face as citizens when it comes to accessing high quality health and social care.

The first mandate of the group was chaired by MEP Marian Harkin (ALDE, IE), MEP Karin Kadenbach (S&D, Austria), MEP Kay Swinburne (ECR, UK) and MEP Cristian-Silviu Buşoi.

This second mandate was made possible thanks to the support of MEP Irena Joveva (Slovenia, Renew Europe), MEP Tomislav Sokol (Croatia, EPP) and MEP Tudor Ciuhodaru (Romania, S&D).

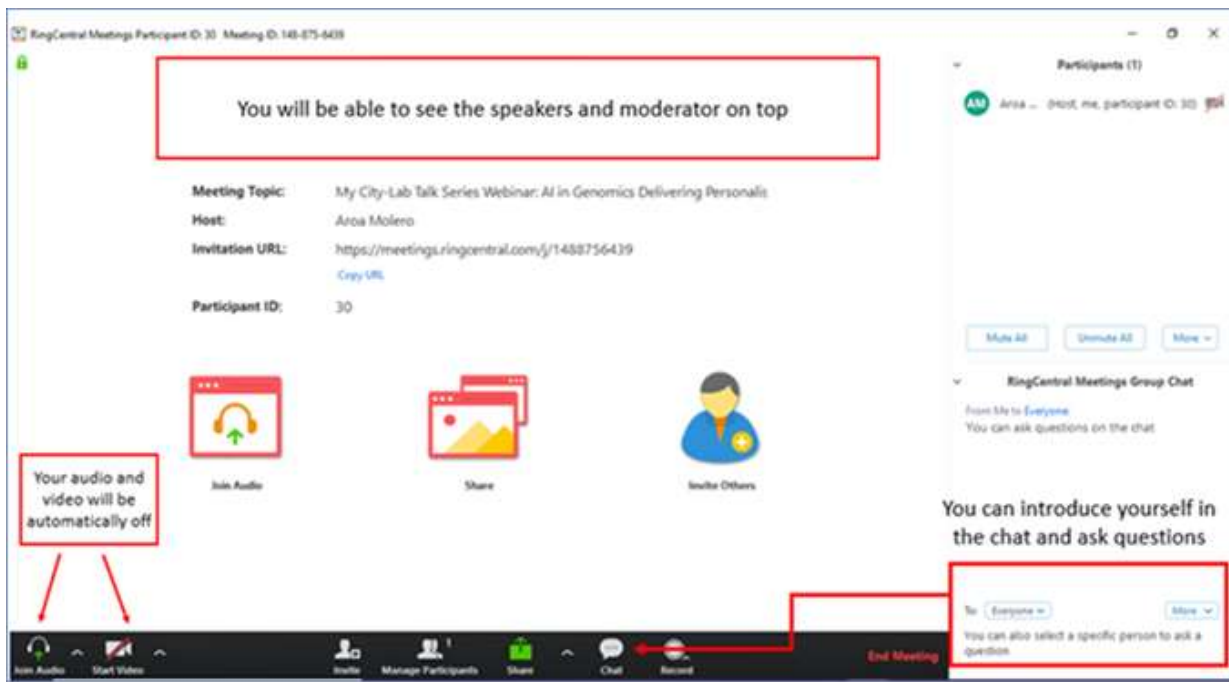

AGENDA and TOPICS

Introduction	
	Welcoming remarks from MEP Sokol (EPP, Croatia) and MEP Joveva (Renew Europe, Slovenia)
